WARNING! WARNING!

During the time the local labor conditions are unsettled we urge and advise that the owners of shares of stock in the Tonopah and Divide districts do not offer them for sale. To endeavor to sell them at reasable prices would b impossible under the present conditions, and to let any broker, salesman or anyone else use your selling orders to beat prices down will work to your own disadvantage as well as to the district in general. Pending the unsettled affairs of the miners and operators we will not open our "night public call" for the reason that we believe it would be to the disadvantage of Tonopah and Divide as soon as conditions have improved we will resume our efforts to make Tonopah and Divide the center of the "Impending Silver Boom."
